On behalf of the organizing committee, we are pleased to invite you to the 4th Asian Network of Occupational Hygiene Conference (ANOH 2019) to be held from 9 to 12 November 2019 at the Buddy Oriental Riverside Hotel in Bangkok, Thailand. Under the main theme, “A Brighter Future for Occupational Hygiene in Asia”, ANOH 2019 provides a platform for occupational hygienists and all related fields of professional, e.g., safety professionals, occupational medicine specialists and occupational health nurses in Asian and our network countries, Australia and New Zealand to share and discuss opportunities and strengths related to the future of Occupational Hygiene in Asia.

An important aim of this conference is to offer networking and foster collaborative research work among participants from all over the world. We are preparing an interesting program and platform where leading academics, practitioners and students can share their ideas and experiences for expanding opportunities and increasing strengths among the occupational hygienists in Asia.

In addition to the conference, participants will have the opportunity to join the traditional Loi Krathong Festival, one of the most picturesque cultural events in Thailand.
